Economic Survey of Wholesale Trade

Quarterly Economic Survey of Wholesale Trade

Purpose of this survey:

The purpose of this survey is to collect statistics from a cross section of New Zealand businesses involved in Wholesale Trade. The financial data collected by this survey is used in the production of a range of economic indicators. An example is Gross Domestic Product (GDP), which measures economic activity in New Zealand. These statistics help government and other organisations in planning and decision making.

Return date:

Please complete and return this questionnaire to Statistics New Zealand **within 14 days** after the end of the quarter to which it relates.

Returning the questionnaire:

Please use the reply paid envelope provided.

Confidentiality of information supplied:

Only people authorised by the Statistics Act 1975 are allowed to see your individual information, and they must use it only for statistical purposes. Your information will be combined with similar information to prepare summary statistics.

Compulsory requirement:

The taking of this survey has been approved by the Minister of Statistics and the return of this questionnaire duly filled in and signed is a compulsory requirement under the Statistics Act 1975.
